

aaa winter 2011-2012	Architectural trees 919-620-0779		
Abies firma	mom fir		3 3gal
Abies firma	mom fir		1 7gal
Abies koreana 'Silberlocke'	These are grafted onto Abies firma and are 4 years old.		2 3gal
Acorus gramineus minimus	Bright yellow blades on a small tight clump. Shade, average to moist. Evergreen foliage, and deer proof!		20 1gal
Acorus gramineus 'Ogon'	Bright yellow lvs, 1 ft x 1 ft, clump, shade to pt sun. Deer proof and evergreen.		30 1gal
Acorus gramineus 'variegatus'	Similar to Ogon, but has attractive white edged thin leaves. Grows into a clump about 2 ft tall		3 3gal
Aesculus hippocastanum baumanii	Pink flowers on this grafted horse chestnut		1 10gal
Aesculus parviflora	Bottlebrush Buckeye. This specimen is about 5-6 ft tall		1 20gal
Albizia julibrissin Summer Chocolate'	Summer Chocolate Mimosa. Moderate growing tree to 15 ft w/ flat dome shape top and feathery foliage. This, hard to find, patented form has beautiful deep purple leaves that keep their color all summer. Pink flowers in summer contrast nicely with the leaves. This plant has been planted on a screen.		1 45gal
Albizia julibrissin Summer Chocolate'	Summer Chocolate Mimosa. Moderate growing tree to 15 ft w/ flat dome shape top and feathery foliage. This, hard to find, patented form has beautiful deep purple leaves that keep their color all summer. Pink flowers in summer contrast nicely with the leaves		4 15gal
Alnus glutinosa 'Imperialis' on standard	Finely textured Alnus on a standard. Can tolerate wet feet		1 in ground
Berberis thunbergii 'Aurea'	<i>Yellow Barberry. 3 - 4 ft, bright lvs in full sun. Slow growing.</i>		3 3gal
Berberis thunbergii crimson giant	<i>Large growing, large leaved purple variety. Will be 5 ft by 5 ft.</i>		5 3gal
Berberis thunbergii 'Golden Devine	dwarf yellow form		5 3gal
Berberis thunbergii Hellmonds Pilliar	Nice columnar form with deep red leaves		3 3gal
Berberis thunbergii 'Golden Torch	<i>New yellow upright form.</i>		3 2gal
Buxus	BOXWOODS		
Buxus 'sunshine'	Yellow variegated Boxwood. Very slow growing. Nice golden yellow color		3 3gal
Buxus harlandii	Different boxwood with large droopy entire leaves. Slow growing. These are 1 ft tall from cuttings made 11/03.		2 3gal
Buxus harlandii	<i>Different boxwood with large droopy entire leaves. Slow growing. These are 1.5 ft tall from cuttings made 11/03.</i>		2 7gal
Buxus microphylla 'Henry Hohman'	Similar to 'Curly Locks, this somewhat odd boxwood has tiny curled leaves with an open habit. Resistant to boxwood pests.		3 3gal
Buxus microphylla kingsville dwarf			3 3gal
Buxus microphylla 'Kingsville Dwarf'	Very slow growing cultivar of Boxwood with tiny leaves. Compact. These are years old!		8 2gal
Buxus microphylla var. Japn. Unraveled	Weeping boxwood. Interesting cultivar. Strongly pendulous, even more so than 'Waterfall'. Rare and beautiful.		1 6gal
Buxus microphylla var. Japn. Unraveled	Weeping boxwood. These have been staked to about 3 -4 ft. They will make up into a gorgeous small weeping tree for the shade garden.		1 7/10 gal
Buxus microphylla var. Japn. Unraveled	Weeping boxwood. Interesting cultivar. Strongly pendulous, even more so than 'Waterfall'. Rare and beautiful.		12 3gal
Buxus sempervirens	<i>American Boxwood. Nice 3 and 4 tier topiary</i>		4 20gal
Buxus sempervirens	<i>American Boxwood. Spiral shape</i>		1 5gal
Buxus sempervirens 'aurea-pendula'.	Rare form of Boxwood with creamy yellow variegation on weeping branches. For the Boxwood collector. Shade.		1 7gal
Buxus sempervirens elegantissima'	This is a specimen that has been shaped over the years into a pear shape - or cone shape. 4 ft x 4 ft		1 20gal
Buxus sempervirens 'Elegantissima'	<i>Variagated English Boxwood. White edges to leaves. Some are trained into tight upright columns and others are pointed. Adds lightness to the shady garden. Deer avoid boxwoods!</i>		3 7gal
Buxus sempervirens 'Graham Blandy'	<i>Graham Blandy Boxwood. Narrow, striking form 9 ft x 1.5 ft in 20 years. This is an exceptionally nice full narrow column.</i>		1 20gal
Buxus sempervirens 'Graham Blandy'	<i>Graham Blandy Boxwood. Narrow, striking form 9 ft x 1.5 ft in 20 years.</i>		3 5gal
Buxus sempervirens 'Suffruticosa'	<i>True 'Old English Boxwood. For edging and formal applications.</i>		6 3gal
Buxus sempervirens 'Suffruticosa'	<i>True 'Old English Boxwood. For edging and formal applications.</i>		3 10gal
Buxus sinica 'Justin Brouwers'	<i>Nice form of Korean Boxwood with tiny leaves and regular habit.</i>		1 #10
Buxus sinica 'Justin Brouwers'	<i>Nice form of Korean Boxwood with tiny leaves and regular habit.</i>		3 6gal

aaa winter 2011-2012	Architectural trees 919-620-0779		
Buxus sinica var. insularis	Korean boxwood. Leaves 1/2 the size of 'B.semperviror	1	10gal
Callistemon citrina	Red Bottlebrush. Great texture to this 5 x 5 ft shrub. Bright red flws in mid summer on tips. This one is staked to make a standard.	2	5gal
Callistemon citrina	Red Bottlebrush. Great texture to this 5 x 5 ft shrub. Bright red flws in mid summer on tips.	1	5gal
Carpinus betulus	European Hornbeam. Very small leaves on a tidy tree.	1	7gal
Carpinus betulus 'Frans Fontaine'	Frans Fountaine Europeran Hornbeam. Narrow selection.	1	10gal
Carpinus betulus 'globosum'	Heavy branched cultivar that forms a globular head	1	7gal
Carpinus betulus 'Heterophylla'	New cultivar for us. Small deep green leaves with attractive incised margins.	2	3gal
Carpinus betulus 'Pendula'	Weeping European Hornbeam. Small tough weeping tree for the courtyard or smaller landscape.	1	15gal
Carpinus betulus Vienna Weeper	Makes up into a large mushroom shape in the landscape. Wonderful wint interest as branches resemble writhing snakes! 18 ft x 30 ft in 25 years.	1	10gal
Carpinus coreana black lady	Leaves start green then fade to purple/black. Very rare	1	10gal
Catalpa	CATALPA		
Catalpa bignonioides 'aurea		3	3gal
Catalpa bignonioides 'aurea'	Yellow Catapa. Spring leaves are beautiful yellow which fade to limey green then to light green.	1	5gal
Catalpa bignonioides 'nana'	Dwarf Catalpa. This one is on a shorter 'stalk'.	1	15gal
Catalpa bignonioides 'nana'	Dwarf catalpa. Cutting grown. Will make a 6 ft x 8 ft green 'ball'.	1	3gal
Cedrus atlantica 'glauca'	Blue Atlas Cedar. Can grow large over time. Sun	2	20gal
Cedrus atlantica 'Glauca pendula'	Weeping Blue Atlas Cedar. Dramatic tree for many uses. Sun	1	10gal
Cedrus atlantica 'glauca pendula'	Weeping Blue Atlas Cedar. Two heavy specimens	1	45gal
Cedrus atlantica 'glauca pendula;	Weeping Blue Atlas Cedar. Dramatic tree for many uses. Sun. This particular specimen is 'fish hook style' A simple arching over of the central trunk.	1	75gal
Cedrus atlantica 'Horstmann'	4-5 ft. steely blue, more compact form then the regular blue atlas cedar	1	30gal
Cedrus atlantica 'Hortsmann'	Wonderful dramatic specimen	1	75gal
Cedrus atlantica 'Sahara ice'	rare form of atlas cedar. Seldom available this size. 5	1	20gal
Cedrus brevifolia	Tiny grey green needles on this species	1	45gal
Cedrus brevifolia 'Epstenianum	Epstenianum Cedar. Tiny needles on this slow growing form.	1	3gal
Cedrus deodara 'Divinely blue'	Nice dwarf for our area.	5	3gal
Cedrus deodara 'Divinely blue'	Nice dwarf for our area.	1	20gal
Cedrus deodara 'Divinely blue'	Nice dwarf for our area.	3	10gal
Cedrus deodara 'Feelin'Blue	Nice blue form with weeping creeping branches.	6	3gal
Cedrus deodara 'Feelin'Blue	Nice blue form with weeping creeping branches.	8	3gal
Cedrus deodara 'Feelin'Blue'	Nice blue form with weeping, creeping branches. Staked to 36 inches. Perfect for the rock garden or small focal tree.	1	box
Cedrus deodara 'Gold Cascade'	Gold Cascade Deodar Cedar. Great yellow colc	1	10gal
Cedrus deodara Hollandia	Small deodara that has a greyish green needle with lighter color tips on ne growth.	2	10gal
Cedrus deodara 'pendula'	Weeping deodara. There seems to be a few forms that carry 'pendula' They are grafted from a tree in the garden. It will throw up leaders that then go back down making an intereseting irregular tree - 10 ft x 15 ft.	3	3gal
Cedrus deodara 'pendula'	weeping deodara. This will be a green 'hump'. It has been trained to 4 ft ar arches over and the branches cover the arch.	1	45gal
Cedrus deodara Prostrate Beauty'	Prostrate Beauty Deodar Cedar. 1ft x 8ft. Blue colc	2	20gal
Cedrus deodara Prostrate Beauty'	Prostrate Beauty Deodar Cedar. 1ft x 8ft. Blue colc	1	6gal
Cedrus deodara 'Prostrate Beauty'	Prostrate Beauty Deodar Cedar. 1ft x 8ft. Blue colc	8	3gal
Cedrus deodara 'Quick Silver'	Fast growing large tree. Nice light blue green needk	4	5gal
Cedrus deodara Snow sprite	Snow Sprite Deodar Cedar. Sea-foam green lvs, semi-dwarf. In part shac needles assume a sea foam blue color, in sun, more yellow white.	7	3gal
Cedrus libani 'glauca pendula'	Strong upright grower with secondary branches doopy or going out from trur at right angles. Sun. Beautiful spires.	1	10gal
Cedrus libani 'Well's Prostrate'	Uncommon form with strong prostrate habit. This one just creeps across th ground. Outstanding plant.	1	20gal
Celtis sinensis pendula	weeping chinese hackberry. We have some trained more upright than others.	3	25/30gal
Celtis sinesis 'pendula'	Weeping Chinese Hackberry. Wide spreading form w/ interesting hab especially for the winter garden.	2	10gal
Cephalotaxus harringtonia 'fastigiata'	Upright Plum Yew	2	20gal
Cephalotaxus harringtonia 'korean gold	Upright Plum Yew with bright golden on last 1/3 of shoots. Best in part shad Rare and highly sought after.	9	3gal

aaa winter 2011-2012	Architectural trees 919-620-0779		
Cercidiphyllum japonica	Katsura Tree. Blue green redbud like leaves on this tidy tree which over time can gain some stature. Part shade is preferred. One perfect specimen available. It is about 10 ft tall.	1	20gal
Cercis	REDBUDS		
Cercis can. Ssp. Texensis 'Traveler'	weeping redbud.shiny leaves and interesting branching pattern.	1	30gal
Cercis can. Ssp. Texensis 'Traveler'	<i>Weeping Redbud. Shiny leaves and interesting branching pattern. This one is from an earlier crop and is trained to 4-5 ft, and have a flat head.</i>	5	20gal
Cercis canadensis 'Covey' ppaf	<i>Weeping Redbud. Lavander Twist. 5ft x 10 ft wide at maturity.Has larger leaf than 'Traveller'</i>	1	20gal
Cercis canadensis 'Floating Clouds'	<i>Newer variety with more white on leaves than Silver Cloud.</i>	10	7gal
Cercis canadensis 'Floating Clouds'	<i>Newer variety with more white on leaves than Silver Cloud.</i>	1	45gal
Cercis canadensis 'Hearts of Gold'	<i>New variety of redbud with brilliant yellow lvs in spring. New growth is yellow throughout growing season. Vigorous selection. Can tolerate full sun. Looks best where it is encouraged to actively grow throughout the summer.</i>	3	30gal
Cercis canadensis 'Little Woody'	<i>Newer dwarf variety with interesting thick leaves which resemble plastic.</i>	1	10gal
Cercis canadensis ssp. texensis 'Oklahoma'	<i>Oklahoma Redbud. Shiny lvs and brighter flowers.</i>	2	20gal
Cercis canadensis 'The Rising Sun'	<i>Wild new variety with orange, yellow and green all on the same tree. This patented new form is a purple weeping tree. It is a cross between Forest Pansy and Lavander Twist. The large purple leaves are outstanding and are particularly effective due to the weeping habit. These are young trees trained to 5 ft and allowed to tumble from there.</i>	10	7gal
Cercis canadensis 'Ruby Falls'		2	7gal
Chaenomeles contorta'	Contorted Flowering Quince. Apricot flowers on very slow growing shrub to 3 ft.	1	6gal
Chamaecyparis obtusa nana lutea	<i>nana lutea dwarf hinoki. These are 5 years old about 10 inches high</i>	2	3gal
Chamaecyparis obtusa templehof		1	10gal
Chamaecyparis obtusa 'Thowell'	Resembles 'spiralis' without the problem of browning out of major branches lets hope!	1	15gal
Chamaecyparis lawsoniana 'Imbricata pendula	<i>Weeping Port Cedar. Thread like green foliage on wispy tree. Needs to be staked for height. Grafted on resistant rootstock</i>	1	6gal
Chamaecyparis nootakensis	ALASKAN CEDARS		
Chamaecyparis nootkatensis Jubilee	<i>large specimen of this dramatic tree for a special focal point. 18 plus ft. Green Arrow Weeping Alaskan Cedar. Very narrow column to 30 ft. Deep bluish/green lvs. Choice!</i>	1	24"box
Chamaecyparis nootkatensis Green Arrow'		1	45gal
Chamaecyparis nootkatensis pendula	<i>These are nursery grown and grafts on leyland rootstock</i>	3	7gal
Chamaecyparis nootkatensis Pendula	Weeping Alaskan Cedar	3	in ground
Chamaecyparis nootkatensis 'Pendula'	<i>Weeping Alaskan Cedar. These are about 6 ft tall and full.</i>	2	20gal
Chamaecyparis nootkatensis strict weeping	<i>Very narrow form with odd branching lending to a very artistic specimen, over time.</i>	1	6gal
Chamaecyparis nootkatensis 'Van den Akker'	Weeping Alaskan Cedar. 25 ft x 3 ft. Most narrow of all! These are 5 ft tall	1	6gal
Chamaecyparis obtusa	HINOKI CYPRESSES		
Chamaecyparis obtusa	<i>Well done topiary, perfect focal point for Japanese style garden</i>	1	15box
Chamaecyparis obtusa Teddy bear'	<i>Teddy Bear Hinoki Cypress. Fast growing irregular green form. Can be pruned to shape.</i>	5	3gak
Chamaecyparis obtusa 'aurea'	<i>Yellow Hinoki Cypress. Grows to 20 ft. Nice foliage. Pt sun/ pt shade.</i>	1	45gal
Chamaecyparis obtusa 'aurea'	Yellow Hinoki Cypress. Grows to 20 ft. Nice foliage. Pt sun/ pt shade	1	6gal
Chamaecyparis obtusa 'breviramea'	This hinoki grows more upright. Green leaves, interesting habit	2	7gal
Chamaecyparis obtusa 'breviramea'	<i>This hinoki grows more upright. Green leaves, interesting habit.</i>	2	3gal
Chamaecyparis obtusa 'bronze pygmy	<i>horizontal grower with open spaces between foliage. Nice.</i>	2	3gal
Chamaecyparis obtusa 'Chabo yadori'	<i>Chabo Yadori Hinoki Cypress. Soft mix of juvenile and adult foliage on this medium shrub. To 6ft in 10 yrs.</i>	1	10gal
Chamaecyparis obtusa 'Chabo yadori'	<i>This specimen has been trained into a cloud pruned style</i>	1	6gal
Chamaecyparis obtusa 'Compacta'	<i>Compact Hinoki Cypress. Deep green lvs with moderate growth rate. 6-8 ft in 10 yrs.</i>	1	10gal
Chamaecyparis obtusa 'E1 Iseli evaluation	<i>One of the selections by Iseli Nursery. Tight, attractive dwarf plant. Choice!</i>	2	3gal
Chamaecyparis obtusa 'Gold Fern'	Plumey foliage adds dramatic interest. Limey-yellow over green	1	3gal
Chamaecyparis obtusa 'golden fastigiata	<i>A golden rigid upright. Grows very slowly. This is a stock plant that we decided not to continue due to its slow growth. About 4 ft tall now.</i>	1	5gal
Chamaecyparis obtusa Golden Sprite	<i>Golden Sprite Hinoki Cypress. Rock garden /container plant</i>	5	2gal
Chamaecyparis obtusa Kosteri	This one is about 4 ft tall by 3 f	2	10gal
Chamaecyparis obtusa 'Kosteri'	<i>Kosteri Hinoki Cypress.</i>	3	3gal

aaa winter 2011-2012	Architectural trees 919-620-0779		
Chamaecyparis obtusa kosteri - scuptured	Scuptured hinoki. Pom pom style	1	10gal
Chamaecyparis obtusa Kosteri Fast Form	Fast Form Kosteri Hinoki. Grows much faster than the above and has a loose habit. Green foliage.	1	#3
Chamaecyparis obtusa Kosteri Fast Form	Fast Form Kosteri Hinoki. Grows much faster than the above and has a loose habit. Green foliage.	1	7gal
Chamaecyparis obtusa' Kosteri Fast Form'	Fast Form Kosteri Hinoki. Grows much faster than the above and has a loose habit. Green foliage. Pruned into a hindu pan sytle tree.	1	#10
Chamaecyparis obtusa Lacy'	Lacy Hinoki Cypress. Fast growing hinoki w/ green lvs. Nice netted foliage yields a 'lacy' effect.	3	7gal
Chamaecyparis obtusa 'Lacy'	Lacy Hinoki Cypress. Fast growing hinoki w/ green lvs. Nice netted foliage yields a 'lacy' effect.	6	3gal
Chamaecyparis obtusa 'Lacy'	Lacy Hinoki Cypress. Fast growing hinoki w/ green lvs. Nice netted foliage yields a 'lacy' effect.	3	10gal
Chamaecyparis obtusa 'Manager's sunshine	Smaller growing yellow threadleaf.	5	3gal
Chamaecyparis obtusa 'Mariesii'	Mariesii Hinoki. Olive green foliage with white highlights. This one is on a shc standard (12 inch)	1	10gal
Chamaecyparis obtusa Mariesii	Mariesii Hinoki. Olive green foliage with white highligh	1	#20
Chamaecyparis obtusa melody	This form is a slow growing heavily netted yellow. This is our original stock plant - about 7 years old.	1	10gal
Chamaecyparis obtusa Nana gracilis	deep green foliage	8	3gal
Chamaecyparis obtusa Nana gracilis	<i>One of the most popular forms, deep green foliage on smaller growing plant. These are spectacular older plants. Heavy caliper short trunks</i>	1	60gal
Chamaecyparis obtusa nana lutea	<i>Nana lutea dwarf hinoki cypress. Very slow growing to 3ft. Specimen</i>	1	box
Chamaecyparis obtusa 'nana lutea'	<i>Nana lutea dwarf hinoki cypress. Very slow growing to 3ft</i>	4	3gal
Chamaecyparis obtusa on standards -	Double graft	1	10gal
Chamaecyparis obtusa 'snowkist'	Snowkist Hinoki cypress. This is grafted on a standarc	1	20box
Chamaecyparis obtusa 'Snowkist'	<i>Snowkist Hinoki Cypress. Grows slowly to 3 ft w/ white tipping by later summer on new growth.</i>	2	5gal
Chamaecyparis obtusa 'Spiralis'	<i>Spiralis Hinoki Cypress. Dwarf upright w/ interesting habit. Some reports of areas browning out. Needs adequate moisture and well-drained soils. Mostly sun is best.</i>	1	5gal
Chamaecyparis obtusa 'Teddy Bear'		1	10gal
Chamaecyparis obtusa 'templehof	<i>Nice full plants with bronzy green foliage.</i>	4	5gal
Chamaecyparis obtusa 'Tetragona aurea'	<i>Semi dwarf, makes a beautiful bright gold pyramid. 6 ft x 3 ft.</i>	2	5gal
Chamaecyparis obtusa 'Torulosa'	<i>Faster growing green hinoki with interesting cockscomb ends to branches.</i>	3	3 gal
Chamaecyparis obtusa 'Torulosa'	<i>This is a sculptured tree in a pom pom style.</i>	2	20gal
Chamaecyparis obtusa 'Tsatsumi Gold'	<i>Nice accent plant with bright gold foliage. Grows into a broad regular pryamid.</i>	2	3gal
Chamaecyparis obtusa 'Tsatsumi Gold'	Nice accent plant with bright gold foliage. Grows into a broad regular pryamid.	2	10gal
Chamaecyparis obtusa 'Verdoni'	Verdoni Hinoki Cypress.	2	10gal
Chamaecyparis obtusa 'Verdoni'	<i>Verdoni Hinoki Cypress. Great yellow foliage.</i>	4	5gal
Chamaecyparis obtusa 'Verdoni'	verdoni Hinoki cypress	1	15gal
Chamaecyparis obutsa 'Cream ball'	Cream Ball False Cypress.New, neat cultivar gaining notice. Dwarf round ba 2ft. with light colored foliage.	4	#3
Chamaecyparis pisifera gold bun	<i>Very dwarf plant. 12 inches in 8 years. Splashes of yellow are subtle. Nice rock garden plant. Very slow.</i>	4	3gal
Chamaecyparis pisifera 'Cream ball'	<i>Cream Ball False Cypress.New, neat cultivar gaining notice.</i>	1	7gal
Chamaecyparis pisifera 'Mini variegated'	This form makes a broad low mound with ample splashings of gold. Slow ar will keep in shape.	1	3gal
Chamaecyparis pisifera 'aurea'	Yellow False Cypress. Bright yellow feathery foliage on this roundish shrul Can also be trained as a single stem specimen.	4	#3
Chamaecyparis pisifera 'Bably Blue Ice'	New cultivar with deep blue color and different foliage type than Boulevard	2	3gal
Chamaecyparis pisifera 'Boulevard	<i>Bright blue foliage. Trim to suit.</i>	3	7gal
Chamaecyparis pisifera 'Boulevard	Bright blue foliage. Trim to sui	6	3gal
Chamaecyparis pisifera fil.aureovariegata	<i>Variagated threadleaf cypress. Makes a small mound of yellow and green thread like leaves. Found in Germany in 1891. This specimen has been top-grafted at 4 ft and has a 5 ft head.</i>	1	6gal
Chamaecyparis pisifera 'gold bun	<i>Very dwarf plant. 12 inches in 8 years. Splashes of yellow are subtle. Nice rock garden plant. Very slow.</i>	1	10gal
Chamaecyparis pisifera 'Squarrosa intermedia'	Sometimes called Dwarf Blue, this interesting plant can be pruned into a almost any shape.	2	7gal
Chamaecyparis pisifera 'Squarrosa intermedia'	Sometimes called Dwarf Blue, this interesting plant can be pruned into a almost any shape.	3	#3

aaa winter 2011-2012	Architectural trees 919-620-0779		
Chamaecyparis pisifera 'vintage gold'	<i>Faster growing yellow false cypress that is easy to grow.</i>	1	3gal
Chamaecyparis thyoides 'Heatherbun'	<i>Globose slow growing plant with juvenile foliage. Turns plum in the winter.</i>	6	#3
Chamaecyparis thyoides 'Pomono'	<i>This dwarf grows into a tight upright pyramid - similar to a dwarf alberta spruce. Foliage turns plum in winter.</i>	1	#3
Chamaecyparis thyoides Rubicon	Rock garden form that will grow to a narrow 4-5 ft in 10 yea	1	#3
Chionanthus retusus 'tokyo tower	Tokyo Tower Chinese fringe tree. Upright with white flowe	4	7gal
Chionanthus virginicus	American Fringe Tree. Small native tree w/ creamy wht flowers that a extremely fragrant.	2	10gal
Chionanthus virginicus	American Fringe Tree. Small native tree w/ creamy wht flowers that a extremely fragrant.	3	3gal
Clethra alnifolia 'Rosea'	Pink flowers and outstanding fragrance . Grows 4 to 5 ft. Fall color yellow.	6	5gal
Cornus	DOGWOODS		
Cornus florida Cherokee Brave	<i>Red flowering dogwood with disease resistant leaves</i>	2	20gal
Cornus florida 'Cherokee Brave		1	5gal
Cornus mas 'Golden Glory'	<i>Golden Glory Dogwood. Early yellow bloom</i>	1	20gal
Cornus sericea	<i>Red Osier dogwood. These are smaller plants</i>	2	3gal
Corylopsis pauciflora	<i>Buttercup Winterhazel. Fine textured, smaller leaf.</i>	3	3gal
Corylus avellana 'contorta	<i>Harry Lauder's Walking Stick. These are grown from cuttings so any suckers are also contorted. Slow. This one is 4 ft x 4 ft</i>	1	45gal
Corylus avellana 'contorta - patio tree	<i>Very nice specimen,</i>	1	45gal
Cryptomeria	CRYPTOMERIAS		
Cryptomeria japonica 'Gyokuryu'	Dense broad pyramid. Keeps deep green colk	3	7gal
Cryptomeria japonica araucarioides'	This tree makes a dense dark green form to about 20 f	1	20gal
Cryptomeria japonica 'Black Dragon	Black Dragon Cryptomeria. Grows fast to 4-6 ft then fills out. Deep Gree foliage. Nice	1	7gal
Cryptomeria japonica 'Black Dragon	Black Dragon Cryptomeria. Grows fast to 4-6 ft then fills out. Deep Gree foliage. Nice	2	10gal
Cryptomeria japonica Cristata'	Cristata Japanese Cedar. Large growing with deep green foliage and large clumps of fasciated growths. Actually quite attractive when it gains some sizes	1	10gal
Cryptomeria japonica Cristata'	Cristata Japanese Cedar. Large growing with deep green foliage and large clumps of fasciated growths. Actually quite attractive when it gains some sizes	3	3gal
Cryptomeria japonica globosa nana	Smaller growing form with very uniform growth patterr	2	3GAL
Cryptomeria japonica 'Green Grizzly'	Form from the JC Raulston Arboretum. Grows open and loose resembling Norfolk Island Pine	1	7gal
Cryptomeria japonica 'Green Grizzly'	Larger growing tree with more open habit. Deep green colo	2	3gal
Cryptomeria japonica 'Knaptonensis'	Knaptonensis Cryptomera. White foliage mostly sun. Specimen siz	1	25gal
Cryptomeria japonica 'Knaptonensis'	Dwarf fat conical plant w/ stunning white foliage. Does not burn in our full sun Grows to 5 ft over 10 years.	1	#3
Cryptomeria japonica 'Koshiy'	<i>Koshiy - 1 ft x 3 ft in 10 years. Part shade is best for this one.</i>	4	3gal;
Cryptomeria japonica 'Monstrosa	Moderate growing cultivar.. Nice dense upright. Can easily be made in dramatic column by pruning side branches that extend beyond 8 inches from trunk.	1	3gal
Cryptomeria japonica 'Monstrosa'	<i>These are trained into a tall narrow dark green column.</i>	3	15gal
Cryptomeria japonica Mushroom	Nice mounding form	1	10gal
Cryptomeria japonica Mushroom	Nice mounding form	1	2gal
Cryptomeria japonica 'Mushroom'	New form for us, this cultivar has a mounding mop-like habit with evenly spaced needles on delicate branches. The finely textured foliage turn russet in the winter. Squatty habit.	5	3gal
Cryptomeria japonica 'Nana albospica"	<i>This name may not be legitimate. A cutting from the JC Raulston arboretum.</i>		
Cryptomeria japonica pom pom	<i>This plant is an upright pyramidal deep green but is only 3 ft tall after 5 years.</i>	2	5gal
Cryptomeria japonica 'Pom Pom '	small shrubby form with fine needles and a tufted growth patte	1	10gal
Cryptomeria japonica 'Pom Pom '	small shrubby form with fine needles and a tufted growth patte	4	10gal
Cryptomeria japonica ryoku gyoku	Another very dwarf form of Japanese Ceda	1	20gal
Cryptomeria japonica 'Sekkan Sugi'	Sekkan Sugi Cryptomeria. Yellow foliage on this large growing for	2	7gal
Cryptomeria japonica 'Tansu'	Nice dwarf form which has deep green tiny needles	2	3gal
Cryptomeria japonica 'Yoshino'	Great screening tree. Fast growing. 30 ft x 15 ft in 15 yrs.	3	15ga;
Cryptomeria japonica 'Yoshino'	Great screening tree. Fast growing. 30 ft x 15 ft in 15 yrs.	8	3gal
Cryptomeria japonica 'Yoshino'	Great screening tree. Fast growing. 30 ft x 15 ft in 15 yrs.	2	7gal
Cunninghamia	CHINA FIRS.		

aaa winter 2011-2012	Architectural trees 919-620-0779		
Cunninghamia lanceolata 'Glauca'	Blue china fir. This one has not established a leader yet.	2	10gal
Cunninghamia unicanaliculata		1	in ground
Cupressocyparis leylandi Gold Rider	Gold Rider Leyland. Slower growing and nice yellow foliage Very rare cultivar. Not to be confused with Raywood's Weeper which is similar.	2	10gal
Cupressus arizonica 'Angaston'	Angaston has thicker stems and a lighter blue color.	1	25gal
Cupressus glabra 'Blue Ice'	Blue Ice Arizona Cypress. Nice steely blue lvs. Does not splay from ice/snow.	2	5gal
Cupressus glabra Raywoods Weeping	Spectacular new form. Narrow weeper w/ blue foliage. This one is staked around 5 ft.	2	10gal
Cupressus glabra Raywoods Weeping		1	5gal
Cupressus notabilis	Very rare plant. I saw a beautiful large blue foliated tree at Larry Stanley garden in Oregon. Only one available this year.	1	3gal
Edgeworthia chrysantha 'Gold Rush'	Gold Rush Edgeworthia. Part shade. Yellow drooping flws in winter/early spring. Choice. We have some really nice plants ready for the fall.	3	7/10gal
Eleutherococcus sieboldiana variegatus	Nice somewhat thorny creamy variegated aralia like plant to 5 <i>Larger growing, architectural element. Plant in pot/w no holes to contain.</i>	1	5gal
Equisetum hymale	<i>Grows to 4-5 ft. deep green bamboo like stems</i>	1	3gal
Equistem scipus	Hair like stems. For a decorative pot by the pond and for a wetlands where it will spread.	1	3gal
ESPALIERED - OGON DAWN REDWOOD	Five pairs of arms on this spectacular yellow dawn redwood espalier	1	20gal
Euonymus europaeus 'Red Cap'	<i>Common Spindle Tree. Red capsules with orange seeds occur in abundance. Small tree to 25 ft.</i>	1	20gal
Euonymus japonica 'Rykujo'	<i>Dense congested upright growth makes this diminutive plant look like a green rock. Slow</i>	1	3gal
Euonymus japonica 'Rykujo'	Dense congested upright growth makes this diminutive plant look like a green rock. Slow	1	2gal
Euonymus japonicus 'Bekkomasaki'	<i>Also known as 'Green spire' Accent plant to 6 ft and very narrow. Deep green leaves arranged at right angles from each other for the most part.</i>	9	3gal
Fagus	BEECHES		
Fagus sylvatica 'Heterophylla'	<i>Interesting form of European beech</i>	1	5gal
Fagus sylvatica Purpurea Pendula	Weeping Purple Beech. This form grows as a low mushroom domed shape tree. Train upright to achieve height.	1	#20
Fagus sylvatica 'Rohan Gold'	Rohan Gold European Beech.	1	45gal
Forestiera angustifolia 'weeping'	Odd weeping open shrub with short thin leaves.	4	3gal
Fothergilla gardeni	Dwarf Fothergilla	2	6gal
Fothergilla gardeni 'Mt Airy' - topiary	Fothergilla. This one is grafted on a high standard	1	60gal
Ginkgo	GINKGO		
Ginkgo biloba 'female'	These are grafted FEMALE ginkgos. Most ask 'is it a male', but some for their own reasons search for the female form.	2	5gal
Ginkgo biloba Chase Manhattan	Dwarf ginkgo to 6 ft. Tiny leaves. Slow	1	2gal
Ginkgo biloba 'chi chi'	Chi chi Ginkgo. Precocious protuberances on major limbs. Smaller growing C standard	1	3gal
Ginkgo biloba fastigata	Upright selector	1	2gal
Ginkgo biloba fastigata	Upright selector	1	5gal
Ginkgo biloba 'Golden Colnade'	New cultivar with upright broad habit with in branching.	2	10gal
Ginkgo biloba 'Marieken'	Dwarf ginkgo, dark green thick leaves	1	3gal
Ginkgo biloba 'Mutant Weeping'	<i>Odd variety with a range of leaf shapes (like 'Thelma'). But on a weeping habit. Very cool plant.</i>	2	6gal
Ginkgo biloba 'Thelma'	Leaves are semi-tubular, very different effect.. Many different leaf shapes	2	7gal
Ginkgo biloba 'weeping wonder'	New weeping ginkgo. Very rare. same as mutant weeper	1	5gal
Ginkgo biloba 'Ding a ling'	Ding a ling ginkgo many leaves have a small 'clapper'	1	7gal
Ginkgo biloba 'tubliformis'	interesting rolled foliage	1	3gal
Gleditsia tiracanthos Emerald Cascade	<i>Emerald Cascade Weeping Honeylocust. Small weeping tree with neat leaves and great winter interest.</i>	1	#75
Gleditsia triacanthos 'Emerald Cascade'	<i>Emerald Cascade Weeping Honeylocust. Small weeping tree with neat leaves and great winter interest. This one has been trained with an artistic serpentine trunk.</i>	1	20gal
Hamamelis mollis 'Wisley Supreme'	<i>Large sweetly-scented clear yellow flws in abundance. Very early and long blooming. Large disease free foliage.</i>	4	15gal
Hamamelis mollis 'Wisley Supreme'	<i>Large sweetly-scented clear yellow flws in abundance. Very early and long blooming. Large disease free foliage.</i>	3	5gal
Hamamelis virginiana 'Harvest Moon'	<i>Broken Arrow introduction, profuse lemon-yellow flowers much showier than the species. Blooms like an intermedia, but in November, upright vase habit.</i>	7	5/7gals

aaa winter 2011-2012	Architectural trees 919-620-0779		
Hamamelis x intermedia 'Jelena'	<i>Jelena Witchhazel. Coppery flowers, wide spreading with age. Faint sweet fragrance.</i>	2	10gal
Hamamelis x intermedia 'Jelena'	Jelena Witchhazel. Coppery flowers, wide spreading with age. Faint swe fragrance.	1	7gal
Hamemlis x primavera	clear yellow flowers	6	7gal
Ilex crenata 'geisha'	Tiny concave shiny leaves on this rock garden holly. Would make a interesting hedge or border plant.	3	3gal
Ilex crenata 'Mariesii'	A pair of 4 ft tall by 8 inch wide specimen	2	7gal
Ilex crenata 'Mariesii'	Nice dwarf form. Upright with cupped small green leaves	4	3gal
Ilex crenata Piccallo	Very dwarf form. These are quite old. 1 ft by 2 f	3	10gal
Ilex crenata 'Piccallo'	Very dwarf form. These are 8 years old and 12 inches across	2	2gal
Ilex crenata Sky Pencil	Sky Pencil Holly. Narrow stiff upright evergreen holly for that vertical accent.	5	#3
Ilex crenata 'sky Pencil	Sky Pencil Holly. Narrow stiff upright evergreen holly for that vertical accent. These are exceptionally nice.	11	7/10gal
Ilex verticillata x 'Sparkleberry'	Sparkleberry holly. Grows 12 ft x 10ft. Heavy small berry production. Tree turns red in winter w/ berries. Apollo.	2	15gal
Juniperus	JUNIPERS		
Juniperus chinensis 'aurea'		1	15GAL
Juniperus chinensis gold coast	Large pom pom topiary.	1	65gal
Juniperus chinensis 'Kaizuka'- topiary	Topiary Hollywood Juniper. 3 balls . Match pair sold only a set.	4	15gal
Juniperus chinensis kaizuka var.	Var. Hollywood Junipe	1	10gal
Juniperus chinensis 'Kaizuka variegated'	Variagated hollywood junipe	1	10gal
Juniperus chinensis 'Kuriwao Gold	Spreading mid sized juniper w/ soft plume like foliage with yellow highlights. Orange tints in winter. These have been trained upright.	1	7gal
Juniperus chinensis 'Kuriwao Gold'	Nice soft textured juniper for a 5 ft shrub, or train as a small tree	1	3gal
Juniperus chinensis 'Mac's Golden	Upright yellow juniper with great depth. Train upright and pruned	2	3gal
Juniperus chinensis 'Mac's Golden	Upright yellow juniper with great depth. Train upright and pruned	1	20gal
Juniperus chinensis saybrook gold	These are trained upright to form a small colorful tree	1	7gal
Juniperus chinensis saybrook gold	Medium growing juniper with bright yellow foliage	12	3gal
Juniperus chinensis 'Spartan'		12	3gal
Juniperus chinensis 'Spartan'	<i>Spartan Juniper. Green upright with nice compact habit.</i>	1	10gal
Juniperus chinensis 'trautman'	Nice grey-blue upright sculptural juniper. Only one this year	1	3gal
Juniperus communis 'Berkshire'	Grafted at 15 inches - nice dense 2 ft height	1	10gal
Juniperus communis Coriellagen	<i>Newer ground cover juniper with unique habit.</i>	2	6gal
Juniperus communis Gold Cone'	Slow growing column of bright gold color. These are large spirals	3	60gal
Juniperus communis Gold Cone'	Gold Cone Common Juniper. Forms a tight vertical accent in the garden	1	45gal
Juniperus communis 'Gold Totem'	Faster growing yellow column that can be formed into topiary	8	3gal
Juniperus communis Green carpet'	Green Carpet Common Juniper. Low growing and very dense to block out weeds.	1	3gal
Juniperus communis 'Haverbeck	Out of Horstmann Nursery, Germany, comes this compact, tight blue green upright mound. It looks like a piece of granite.	1	3gal
Juniperus communis Hornibrooki	Low growing groundcover 12-20 inches. Silver green in summer	1	#3
Juniperus communis Kalebab	This newer juniper is an upright with nodding tips. The color in the winter is a orange tint.	1	6gal
Juniperus communis Oblonga pendula		1	15gal
Juniperus communis Oblonga pendula	Oblonga Pendula Common Juniper. This newer form is a broad upright for that has branchlets that twist like a pig's tail.	1	6gal
Juniperus communis 'Oblongo pendula'	Oblonga Pendula Common Juniper. This newer form is a broad upright for that has branchlets that twist like a pig's tail.	1	10gal
Juniperus conferta 'All Gold'	Outstanding yellow form. Can take some shade and still do well	1	10gal
Juniperus conferta Hi Kari	Windswept growing yellow variegated form. Best to stake to 4 or 5 ft. rare	1	15gal
Juniperus davurica parsoni variegated	Variagated Parson's Juniper	3	#3
Juniperus formosana	Upright with soft flowing branches. Fairly narrow tree	1	10gal
Juniperus horizontalis 'blue chip'	low growing groundcover juniper with attractive blue color in summer and plume in winter	10	1gal
Juniperus horizontalis Blue Pgymy	<i>Blue grey foliage</i>	1	6gal
Juniperus horizontalis 'Blue Pgymy'	<i>New plant for us. Blue grey foliage- both juvenile and adult on a MINATURE mound.</i>	1	3gal
Juniperus horizontalis 'golden carpet'	<i>Nice ground hugging yellow carpeting juniper. Slow, but worth the wait. In our view better than 'mother lode'.</i>	3	3gal
Juniperus horizontalis 'Pancake'	New cultivar w/ extremely flat growing habit. This has been a popular plant for us. Can be used in containers to great effect.	15	3gal
Juniperus pingii		1	10gal

aaa winter 2011-2012	Architectural trees 919-620-0779		
Juniperus pingii	Chinese species with nice droopy habit. Upright to 6'	2	7gal
Juniperus procumbens nana	Dwarf Japanese Garden Juniper	3	6gal
Juniperus squamata 'Blue Carpet	<i>Nice blue medium height groundcover</i>	5	3gal
Juniperus x media 'daubs frosted staked	Staked to make a small tree	1	7gal
Juniperus x media 'Lemon Hill'	<i>Wispy, grey green foliage on a 2 ft x 5 ft shrub. Newer.</i>	1	10gal
Koelreuteria paniculata	Golden Rain Tree. Summer blooming tree with nice yellow flowers	1	20gal
Liquidambar styraciflua slender silhouette	Slender Silhouette Gum Narrow new tree . Can be used for a six ft wide hedge that will grow 60 ft tall.	5	5gal
Lonicer nitida 'cultivar unknown	Larger yellow leaves on this form	1	2gal
Lonicer nitida 'Baggensen's Gold'	Nice tiny leaved box honeysuckle with yellow lvs. Can be pruned into form shape if desired. Pt sun is best.	3	2gal
Magnolia grandiflora 'Alta'	Alta Magnolia. Narrow growing selection. White flowers. At 18ft will be 6 ft wide	1	15gal
Magnolia 'Jane'	Very prolific, strong and vigorous, a William Kosar hybrid form the US national arboretum, late blooming, fragrant 3-4 inch wide reddish purple flowers, with white in the inside.	2	10gal
Magnolia 'Jane'	Very prolific, strong and vigorous, a William Kosar hybrid form the US national arboretum, late blooming, fragrant 3-4 inch wide reddish purple flowers, with white in the inside.	4	7gal
Magnolia soulangiana 'Lennei'	This late blooming magnolia has deep purple red tulip shaped petals on the outside, with white inside. Named after Peter Joseph Lenne	2	7gal
Magnolia stellata 'Waterlily'	Waterlily is an upright grower that produces large, semi-double pure white fragrant blooms -- having 20 tepals. These are large plants.	5	25gal
Magnolia tripetala	Umbrella Magnolia. Large leaves and white flowers. Filtered shade/sun. We have some young stocky trees around 3-4 ft tall, perfect to become established in a woody spot	7	5/7gals
Malus	C R A B A P P L E S AND APPLES		
Malus Lollipop	Lollipop Crabapple. Small globe shaped tree to 10 ft with white flowers and clean dark green foliage. Top grafted.	2	20gal
Malus Red Jewel TM	Red Jewel Crabapple. This variety grows to 15 ft tall by 12 ft wide. It has green leaves, white single flowers and brilliant red 1/2 inch persistent fruit for your enjoyment and the birds. Younger trees.	2	15gal
Metasequoia glyptostroboides 'Matthaei broom	New witch's broom of the dawn redwood, found in the Matthaei arboretum in Ann Arbor, MI.	1	3gal
Metasequoia glyptostroboides 'Matthaei Broom'	New witch's broom of the dawn redwood, found in the Matthaei arboretum in Ann Arbor, MI.	1	20gal
Metasequoia glyptostroboides 'Miss Grace	Dwarf Weeping Dawn Redwood. Slowly grows 10ft.. Morning sun with afternoon filtered shade is probably best here. Six to 7 ft.	1	10gal
Metasequoia glyptostroboides 'Miss Grace'	Dwarf Weeping Dawn Redwood. Slowly grows 10ft.. Morning sun with afternoon filtered shade is probably best here. Six to 7 ft.	1	3gal
Metasequoia glyptostroboides 'Miss Grace'	Dwarf Weeping Dawn Redwood. Slowly grows 10ft.. Morning sun with afternoon filtered shade is probably best here. 8-10 ft high x 3 ft wide.	1	20box
Metasequoia glyptostroboides 'North Light	pale curly leaves in spring to light colored green in summer. New Gold Rush Dawn Redwood. Striking yellow foliage in mostly sun. Not as fast as the species. Specimens.	1	10gal
Metasequoia glyptostroboides 'Ogon	Gold Rush Dawn Redwood. Striking yellow foliage in mostly sun. Not as fast as the species. Specimens.	2	5gal
Metasequoia glyptostroboides 'Ogon'	Gold Rush Dawn Redwood. Striking yellow foliage in mostly sun. Not as fast as the species. Specimens.	3	45gal
Metasequoia glyptostroboides 'Ogon'	Gold Rush Dawn Redwood. Striking yellow foliage in mostly sun. Not as fast as the species. Specimens.	1	3gal
Metasequoia glyptostroboides 'Ogon'	Gold Rush Dawn Redwood. Striking yellow foliage in mostly sun. Not as fast as the species. Specimens.	1	3gal
Metasequoia glyptostroboides 'Self -Prune'	This rare variety will have brown tips on the current year's growth. It is a minor phenomenon however, it does stunt the tree. This specimen is grafted at 3 ft. Best in part shade. Wonderful winter effect too!	1	10gal
Metasequoia glyptostroboides 'Siloquette'	Creamy variegation on this sparsely branched form. Best in shade	1	10gal
Metasequoia glyto. Golden Dawn pp.#1848	<i>Needs more shade to do its best compared to 'ogon' . This plant looks more graceful with the thinner branches</i>	1	45gal
mondo kigima fukiduma	twisted thin deep green leaves. Rare, just a few 1 gal available	3	1gal
Morus alba 'Chaperral'	Weeping Fruitless Mulberry. Nice addition to historic landscape. 8ft x 10 ft in 10 years.	2	25gal
Nandina domestica 'Wood's Dwarf'	small, nice red color in the winter	5	5gal
Niwaki - Japanese Pruning	<i>we have a number of NIWAKI in various stages of development. Including : Japanese Black Pine, Scotch pine, Acer palmatum, Ulmus parviflora cultivars, Chamaecyparis pisifera, Chamaecyparis obtusa, Ilex crenata etc. Priced individually.</i>		

aaa winter 2011-2012	Architectural trees 919-620-0779		
Nyssa sylvatica 'Zydeco twist	newer form with interesting gently contorted branches for winter interest. Re fall color. Native cultivar	2	10gal
Ophiopogon planiscapus 'Nigrescens'	Black mondo Grass. Shade. Spreads slowly. These are full 1 gal pc	50	1gal
Oxydendrum arborescens	Sourwood. Native tree w/ summer flws, brilliant red fall color. These have been carefully grown to a single straight trunk. Full of flowers.	2	15gal
Pachysandra terminalis 'Silver Edge'	<i>Silver edge Pachysandra. Nice creamy border around the leaves.</i>	25	1gal
Parrotia persica	Persian Parrotia. Uncommon tree w/ exfoliating bark and fall color. Nice lcb branched bushy tree.	2	20gal
Picea	S P R U C E S		
Picea abies 'Cincinata'	Cincinata Norway Spruce. Large shaggy tree. Nice example in our region	1	10gal
Picea abies Clanbrassiliana Stricta"	Tollymore Spruce. Nice deep green compact slow growing form. 8 ft in 1 years.	1	20gal
Picea abies Cobra		1	in ground
Picea abies Cobra	Cobra is an iseli introduction. It is a seedling cross between P. abies pendula x p. abies 'virgata'. Cobra is intermediate between both parents. It is best to stake to desired height. There seems to be some variation in the habit from my observations. Flat as a pancake bottom branches form a wide groundcover.	2	20GAI
Picea abies 'Cobra'	Cross between P.a. pendula x P.a. Virgata'. Bold, sparsey and weeping. Large specimens! Staked to about 6 ft.	2	20box
Picea abies' Formanek'	Formanek Norway Spruce. Small rockgarden plant. This specimen is about 4 ft 6 ft across. A great green mounding form. The best one we have ever grown!	1	20gal
Picea abies 'Formanek'	This durable mounding plant will reach 4-5 ft in 10 years	4	3gal
Picea abies frohberg		1	3gal
Picea abies Frohberg	weeping selection	4	5gal
Picea abies 'frohberg	More refined version of the weeping Norway spruce	3	1gal
Picea abies Pendula	<i>Weeping Norway Spruce. Stake to desired height and let it tumble from there.</i>	1	6gal
Picea abies pendula	Weeping Norway Spruce. Semi-shade to sun	2	10gal
Picea abies 'Pendula Major'	This selection grows into a large shaggy tree with branchlets drooping down. I fell in love with this Norway spruce cultivar. Upright with gracefully bending branches.	1	45gal
Picea abies 'Pruhoniana	I fell in love with this Norway spruce cultivar. Upright with gracefully bending branches.	1	3gal
Picea abies Pruhoniana'	I fell in love with this Norway spruce cultivar. Upright with gracefully bending branches.	1	6gal
Picea abies 'Pusch'	Dwarf with cones on the tips. Cut	2	1gal
Picea abies 'virgata'	Snake spruce. Elongated shoots with few side branches lend a unique look. Curious form with extremely tiny needles on an upright form. One of the best finds this summer.	1	10gal
Picea abies 'Walzlwik'		1	3gal
Picea glauca Ketch Harbor	5 ft specimen	1	45 gal
Picea glauca 'pygmae'	Usually, we don't carry Dwarf Alberta spruce due to the need to keep an eye out for spider mites. This cultivar will require the same, but is so interesting it may be worth the effort.	1	20gal
Picea mariana 'blue tear drop'	Dwarf small pyramidal tree with short grey green needles	1	20gal
Picea omorika 'Pendula	Weeping serbian spruce.	4	3 gal
Picea orientalis 'gowdy	<i>Gowdy Oriental Spruce. The oriental spruces are one of the best for our area.</i>	3	10gal
Picea orientalis Skylands	Skylands oriental spruce.	1	3gal
Picea orientalis Skylands	Skylands Oriental Spruce. Bright yellow color with shaded branches deep green. Upright and narrow growing. Slow.	1	10gal
Picea orientalis 'Skylands'	Skylands Oriental Spruce. Bright yellow color with shaded branches deep green. Upright and narrow growing. Slow.	1	75gal
Picea orientalis 'Skylands'	Skylands Oriental Spruce. Bright yellow color with shaded branches deep green. Upright and narrow growing. Slow.	1	45gal
Picea orientalis 'Skylands'	Skylands Oriental Spruce. Bright yellow color with shaded branches deep green. Upright and narrow growing. Slow. Perfect specimen 7ft ht.	1	30box
Picea orientalis 'Skylands'	Skylands Oriental Spruce. Bright yellow color with shaded branches deep green. Upright and narrow growing. Slow.	1	10gal
Picea pungens glauca globosa	Globe Blue Spruce.	1	10gal
Picea pungens 'Glauca Procumbens'	<i>Procumbent Blue Spruce. Never develops a leader</i>	1	10gal
Picea pungens 'Mackiness-short needle'	I saw this form just this past summer and fell in love with it. The color is deeper however the effect of the short needles is quite unexpected and garden worthy. 4-5 ft	1	45gal
Picea pungens Montgomery	Large specimen of this dwarf blue spruce.	1	20gal

aaa winter 2011-2012	Architectural trees 919-620-0779		
Picea pungens 'Pendula'	<i>Weeping Blue Spruce</i> . These two specimens have been staked and will make an upright tree with sweeping downward branches if apical dominance continues.	2	6gal
Picea pungens prostrata	Prostrate Blue Spruce. If it develops a leader, snip off if you want it to continue to wander the ground.	1	20gal
Picea pungens RH Montgomery	This short squatty bright blue spruce can be used anywhere you want a bright focal point. Full sun is best. Drought tolerant when established.	2	3gal
Picea pungens sesters dwarf	Compact pyramidal shape to this blue spruce which should max out at 10-12 ft. Having seen a few mature specimens, this cultivar is highly recommended.	2	1gal
Picea pungens 'The Blues	The Blues Weeping Blue Spruce. New cultivar from Larry Stanley. Assumes the habit of <i>Picea abies</i> Pendula -- sleek, cascading blue foliage. Decidedly different from other weeping Pungens cultivars. These are on standards	2	5gal
Picea pungens 'The Blues	The Blues Weeping Blue Spruce. New cultivar from Larry Stanley. Assume the habit of <i>Picea abies</i> Pendula -- sleek, cascading blue foliage. Decidedly different from other weeping Pungens cultivars.	1	10gal
Picea purpurea var, balfouriana'	<i>Purple Cone Spruce</i> . Grows 8 ft x 4 ft in 10 years.	1	3gal
Pinus banksiana 'Manomet'	<i>Dwarf bonsai looking pine</i> .	1	10gal
Pinus banksiana Schoodic	Flat prostrate form of Jack Pine. Full sun	1	10gal
Pinus bungeana 'Temple Gem'		1	10gal
Pinus cembra 'Nana'	Dwarf Swiss Stone Pine.	1	6gal
Pinus cembra pygmaea	<i>Dwarf form of Swiss Stone Pine</i> .	2	6gal
Pinus densiflora Umbraculifera Tanyosho	<i>table top Japanese Red pine</i> .	2	10gal
Pinus densiflora 'Golden Ghost'	Pale yellow form. It looks like it is shimmering off the ground	1	3gal
Pinus densiflora 'pendula'	Weeping Japanese Red Pine. Dramatic shaggy element, well-suited near water features or rock garden	1	box
Pinus densiflora 'umbraculifera (tanyosho)	Tanyosho Japanese Red pine.	1	10gal
Pinus densiflora 'Umbraculifera Tanyosho	Table top Japanese Red Pine	1	3gal
Pinus koraiensis	<i>Species Pine</i> . Attractive pine with long needles.	2	10gal
Pinus leucodermis aureospicata	deep green needles tipped with white	1	3gal
Pinus leucodermis Emerald Arrow	Narrow full tree that is a solid choice for our area	1	10gal
Pinus leucodermis 'Mint truffle'		1	2gal
Pinus parviflora 'Ara Kawa	Rough bark Pine. Great for bonsai	2	5gal
Pinus parviflora 'Eiko nishiki	Eiko nishiki Japn White Pine	1	3gal
Pinus parviflora 'Fukazumi'	Fukazumi Japanese White Pine. Semi-dwarf that grows off in one direction	2	3gal
Pinus parviflora 'glauca'	Grows 3-4 inches a year	2	3gal
Pinus parviflora 'glauca brevifolia	Blue Japanese White Pine. 5 ft high.	1	45gal
Pinus parviflora 'Glauca Nana'	4-5 ft	1	b+b
Pinus parviflora 'Glauca Nana'	Japanese White Pine. Grows about 4 inches a year. Beautiful pryami	1	20gal
Pinus parviflora 'gyo sho hime	Very nice dwarf form of Japanese white pine. Choice	1	3gal
Pinus parviflora 'gyokkasen'		1	1gal
Pinus parviflora 'koku ho'		3	1gal
Pinus parviflora Tanima no Yuki	This one was field grown. Grafted low to the ground. About 3 ft across. Rare to find one for sale this size. Snow of the Valley	1	20gal
Pinus parviflora Tanima no Yuki	This bun shaped dwarf has white needles on new growth. Rare	2	5gal
Pinus parviflora Yatsabusa'	dwarf form of Japanese white pine	1	5gal
Pinus strobus 'Angel Falls	Angle falls has very thin needles compared to the typical weeping white pine	1	6gal
Pinus strobus Bennet's contorted	The effect is a very graceful tree. Candle pruning is very effective on this tree as well.	1	6gal
Pinus strobus pendula	Nice horizontal grower	1	10gal
Pinus strobus Pendula'	<i>Weeping White Pine</i> . Train to desired height and let it tumble from there.	1	5gal
Pinus strobus Pendula' (seedling selection)	Annual candle pruning is recommended. These are selected from a seedling lot of weeping white pine. Each one is different.	2	10gal
Pinus strobus 'stoneybrook	A slow growing weeping white pine that forms interesting 'knuckles'. This specimen had been our stock plant for a number of years.	1	20gal
Pinus strobus Westin Elf	4ft by 3 ft.. Dwarf pyramidal white pine	1	#20
Pinus sylvestris	<i>Pom Pom style Scotch Pine</i> . Prune in early July to maintain shape	1	10gal
Pinus sylvestris 'Hillside Creeper	Nice form of creeping Scotch pine. 2 ft by 4 ft wide	1	20gal

aaa winter 2011-2012	Architectural trees 919-620-0779		
Pinus sylvestris Hindu-pan	Sculptured Pine.	1	45gal
Pinus sylvestris 'slim jim'	Narrow form of Scotch Pine	1	6gal
Pinus thunbergiana	Sculptured pine.	4	6gal/20gal
Pinus thunbergiana - hindu -pan	Niwaki style pines.	2	60gal
Pinus thunbergiana 'thunderhead	Thunderhead Japn Black Pine. Dense, dark green needles and compact habit are features of this landscape plant.	2	3gal.
Pinus thunbergii 'aurea	Yellow needled form. Brightest color in winter	1	3gal
Pinus thunbergii Nishiki Tsukasa	Bright green long slender needles on this heavy barked cultivar. Niwaki trained to show off bark.	1	15gal
Pinus thunbergiana - hindu-pan	Niwaki style pines.	2	6gal
Pinus thunbergii Koto buki	Small, very dark green needles on this upright plant. Good for Bonsai, rock gardens, containers.	1	5gal
Pinus uncinata 'silver candles'	A four year graft from the NCSU arboretum. Nice young plant	1	3gal
Pinus virginiana	Virginia pine. Just the species. Makes an interesting shaped tree	1	7gal
Pinus wallichiana 'Prairie giant	3-4 ft	1	b+b
Poncirus trifoliata 'Flying Dragon'	Flying Dragon Hardy Orange. Trained Tree form	1	20gal
Prunus cerasifera 'pendula	<i>Weeping sand cherry. Small weeping tree with small entire green leaves with reddish new growth. Sprinkling of white flowers in spring, but overall habit and winter silhouette is what is so beautiful about this uncommon tree</i>	1	45gal
Prunus mume	seedlings - colors will vary.	1	7gal
Prunus mume Peggy Clarke	<i>Peggy Clarke Japanese Flowering Apricot. Double pink flowers during warm spells in winter. 15 ft x 12 ft.</i>	1	10gal
Quercus dentata 'C.F. Miller	Oak with interesting large shiny leaves	1	10gal
Quercus robur argentea marginata	White variegated English Oak.	2	10gal
Quercus robur fastigata	Upright English Oak. This specimen was field grown here, has branches that start low to the ground and is about 10 ft tall	1	30gal
Rhamnus fragula 'Asplenifolia'	Cutleaf Buckthorn. Excellent texture and fall color (yellow). Two trunked groupings in each 25gal pot	1	25gal
Rhus chinensis September Beauty	September Beauty Chinese Sumac. Small tree to 18 ft w/ large white flowers August on ends of branches. Fall color outstanding.	1	5gal
Robinia pseudoacacia 'Twisty Baby' TM	Twisty Baby Black Locust. Grows to 20 ft. Contorted twigs and leaves. Occassionally flowers. Great winter interest and nice texture during the growing season. Grafted young trees and grown single stem.	2	7gal
Robinia pseudoacacia 'Twisty Baby' TM Standard	Twisty Baby Black Locust. Grows to 15 ft. Contorted twigs and leaves. Occassionally flowers.	2	45gal
Salix alba 'Yatsubusa'	Dwarf Weeping Willow. An unusual cultivar that forms secondary bud breaks quickly, resulting in an overall smaller tree. Looks like a mature weeping willow when only 10 ft tall. Originally obtained from a collector in Florida.	1	5gal
Salix babylonica contorta pendula	Weeping curly willow.	3	10gal
Salix babylonica contorta pendula	Weeping curly willow.	1	15gal
Salix babylonica 'crispa'	<i>Ram's Horn Willow. Larger growing willow, upright w/ nodding deep green tips and curious leaves resembling a ram's horn. These are about 10 ft x 4 ft.</i>	1	45gal
Salix caprea 'pendula'	<i>Weeping pussy willow. Various standard heights.</i>	1	5gal
Salix caprea 'pendula'	This tree has a perfect 5year old top. Sturdy domed shaped tree about 5 ft tall	1	30gal
Salix 'Flame'	Bright orange-red stems are particularly striking in the winter. Large growing straight stems. Could be cut to the ground every spring to keep in size	2	10gal
Salix nitida repens 'Silver Creeping std	Small dwarf form with small silver leaves	1	7gal
Salix x Flame	Yellow orange winter stems make this willow outstanding. Cut back to the ground every few years to encourage the brightly colored juvenile growth. Can occupy some space.	1	3gal
Sciadopitys verticillata	Japanese Umbrella Pine. Protect from afternoon sun	1	7gal
Sciadopitys verticillata Gruene Kugel		1	6gal
Sciadopitys verticillata mecki		1	1gal
Sciadopitys verticillata 'Sternschnuppe'	One of the most interesting cultivars. Thick, heavy needles on this striking tree. Limit One per customer please!	1	small pots
Sciadopitys verticillata	Japanese Umbrella Pine. Uniform look to this interesting tree. Protect from afternoon sun. Large specimen 8 ft x 8 ft.	1	75gal
Sculptured Scotch Pine	Young pom-pom styled trees to enjoy and grow with	2	10gal
Sculptured - Torulosa hinoki	About 4 ft high, with multiple cloud pruned branches. Sun to part sun	2	10gal

aaa winter 2011-2012	Architectural trees 919-620-0779		
Sophora japonica Pendula	<i>Weeping Japanese Scholar Tree</i>	1	60gal
Taxodium ascendens 'Debonnaire'	Debonnaire Pond Cypress. Looks very similar to Nutans. Not clear yet what the difference is.	1	45gal
Taxodium ascendens 'Debonnaire'	Debonnaire Pond Cypress. Looks very similar to Nutans. Not clear yet what the difference is.	2	15gal
Taxodium ascendens 'Scheweri'	This dwarf form of the pond cypress makes a tight neat head with occasional pruning.	1	10gal
Taxodium distichum 'Cascade falls' TM	Cascade Falls Weeping Bald Cypress. Newer cultivar with strong pendulous habit. Stake for height.	1	25gal
Taxodium distichum 'Cave Hill'	Cave Hill is a slow growing which's broom that has neat deep green foliage. These are grafted at 3 ft	2	3/5 gal
Taxodium distichum 'crazy horse'	Crazy horse Bald Cypress. Resembles a juniper in a way, but definitely is bald cypress.	1	15gal
Taxodium distichum 'little leaf'	Tiny leaves on this new form for us. It is reportedly a weeper	1	3gal
Taxus baccata amersfoort	odd looking form of Yew, tiny needles - almost looks like a hemlock	2	1gal
Taxus baccata 'Pirat'	Yellow columns. Hope they keep their yellow color in our climate.	1	15gal
